# Strips & Mini-Planks

Midwest Premium and Select Grade

Premium

Select

Midwest Hardwood Corporation is the North American leader in the production of Northern Black Walnut. Black Walnut from the Northern USA states of Wisconsin, Minnesota, Iowa, Northern Illinois and Northern Indiana provides a darker more even brown color, less sap, and tighter captured defects Black Walnut from the central United States.

Because production levels exceed 2,000m<sup>3</sup> per month, we have the ability to supply large volumes of ripped-to-width and chopped to length strips and mini-plank in Northern Black Walnut. Our grades for strips and mini-plank are noted below.

**Premium Grade:** Four sides clear (4SCL) 100% heartwood, free of sapwood. This is our most expensive product and is available in limited volumes.

**Select Grade:** Four sides clear (4SCL) 80% heartwood by piece count except allowing 8mm and smaller sound tight knots (STK). Allowed sound tight knots not within 10mm of board edges. We can tailor this grade on an order-by-order basis to be 90% heartwood by piece count for an additional charge. On the allowed boards with sap the sap is confined to edge sap only, up to 30% of the piece width.

**Natural:** Allowing knots of 20mm, minimum 10mm from edge, limited to open knots or cracked center knots of 8mm or less. Unlimited pin knots, 8mm and smaller, allowed to board edges. Edge sap limited to 50% in aggregate width, no full-face sap boards.

**Select Sap:** Will grade Select from above without a sapwood specification. Can be customized to a heart face, sap back product for solid mosaic manufacturers for an additional charge.

**Mosaic Parquet:** 160mm +20mm FT, 4SCL, minimum 80% of the pieces 100% heartwood, balance containing sapwood.
